

Wild Things Freedom Center

Transport Volunteer Agreement

I, _____, as volunteer for Wild Things Freedom Center agree to adhere to the following standards.

(Please initial each item.)

____ I will be mindful of my role to support the welfare of the individual animal(s) that I am entrusted to transport as well as the mission and philosophy of the Center.

____ I understand that the animal(s) I am transporting is facing potentially life-threatening conditions and that stress of any kind can significantly reduce its chances of survival.

____ All animal(s) that I transport will be placed in an appropriate container (i.e. cardboard box with a towel in the bottom) and the carrier box will be adequately covered at all times.

____ I will not allow anyone to open or uncover the box once the animal is inside. I understand that this action imposes undo stress on the animal and creates a dangerous opportunity for escape or further injury.

____ I will keep and transport the animal(s) in a dark, quiet, temperature controlled environment. While driving I will refrain from unnecessary conversation and playing the radio or music. If required to hold an animal for an extended period of time (e.g. overnight) it will be placed in a quiet, dark, warm area where it will not be disturbed.

____ I will conduct myself in a professional and courteous manner while representing the WTFC as a transporter.

____ I will not offer any prognosis or conjecture about the medical resolution to the Presenter any other member of the public.

____ I will treat the animal(s) humanely and compassionately at all times.

____ I will remember that my **FIRST** priority is the health and safety of the animal(s) that I am transporting.

____ I will abide by the WTFC's SOCIAL MEDIA POLICY at all times when/if posting something in regards to the injured bird or transport.
